Dance Number Three

By Eric Litwin

Fist you clap your hands – one two three
And then you jump your jump– one two three
And now you flip your flop – one two three
And then you bop your top – one two three
Everybody listen to me
This is dance number three

And now you silly shake– one two three
And then you twist your twist– one two three
Go on now touch your toes
And then you stop and pose
Everybody listen to me
This is dance number three

What about dance number one – that’s no fun
How about dance number two – whoop d doo
What about dance number eight – give me a break
OK then dance number ten – never again
There only one dance for me
This is dance number three

And now you slip your slide
And then you side to side
Go on now front to back
And then you jump and clap

Everybody listen to me
This is dance number
Everybody listen to me
This is dance number
Everybody listen to me
This is dance number three

Poor Pitiful Me

By Eric Litwin

I’ve got the lowest grades in the class
In gym I’m picked last
Poor pitiful me, poor pitiful me, poor pitiful me

I’m as lonely as I can be
My own dog wont play with me
Poor pitiful me, poor pitiful me, poor pitiful me

My hairs a mess my shoes don’t fit
My heads too small and my feets too big
Poor pitiful me, poor pitiful me, poor pitiful me

I don’t know my ABCs
I think one plus one is three
Poor pitiful me, poor pitiful me, poor pitiful me

A small mouse chased away my cat
My bikes rusted and the tires are flat
Poor pitiful me, poor pitiful me, poor pitiful me

Mirror mirror on the wall
Who's the most pitiful of them all
Poor pitiful me, poor pitiful me, poor pitiful me

We like lunch lunch lunch
Lunch lunch lunch lunch lunch

You like me and I like you
We like lunch, yes we do
So when we get together I've got a hunch
That we're gonna get some lunch

Lunch lunch lunch lunch lunch
We like lunch lunch lunch
Lunch lunch lunch lunch lunch
We like lunch

Me and you, you and i
Went to get, a pizza pie
And then we ate it slice by slice
And that was very nice

Lunch lunch lunch lunch lunch
We like lunch lunch lunch
Lunch lunch lunch lunch lunch
We like lunch

By Eric Litwin

Humpty Dumpty sat on the WALL
Humpty Dumpty had the big FALL
All the Kings horses
All the Kings MEN
Couldn't put Humpty back together AGAIN

All the boys say – Humpty Dumpty
All the girls say – Humpty Dumpty
All the boys say– Humpty Dumpty
Girls and Boys say– Humpty Dumpty

Get up-a FALL DOWN
Get up-a FALL DOWN
Get up-a FALL DOWN
